

BUSCH Banknote Bander model BB 40 – 26

Technical Data

Banknote Bander model BB 40 – 26	
Banding material	coated Kraft Paper polypropylene foil (PP) 80 µm polypropylene foil (PP) 100 µm
Tape width	40 mm
Reel length – Kraft Paper PP foil (100 µm) PP foil (80 µm)	abt. 150 m abt. 150 m abt. 200 m
Output of machine	23 – 28 strokes / minute
Max. measurements of products to be banded:	
Length	no limit
Width – for Kraft Paper banding for foil banding (PP 100 µm) for foil banding (PP 80 µm)	260 mm 240 mm 180 mm
Height	170 mm
Sound pressure level as per EN 13023 : 2003	max. 75 dB(A)
Measurements of machine	506 x 323 x 390 cm (l * w * h)
Net weight	25 kg
Electrics – A.C. single phase	170 watt (230 V) 0,75 A 170 watt (110 V) 1,54 A
Activation of banding process	automatic, push-button or foot pedal
Operator adjustments (no tools needed)	loop size, tape tension, time delay before release of cycle in automatic mode, side and rear stops for product alignment, lateral tape guides
